MULCHING SERVICES

Big Eagle EnviroMulchers provide environmentally responsible solutions for the oil and gas, forestry, agriculture and construction industries.

Mulching is cost effective and environmentally friendly by reducing hazards to the environment and minimizing waste. We take pride in providing the appropriate mulching unit to suit each specific job situation and our high standards set by our employees and support staff. Big Eagle EnviroMulchers provide mulching solutions to safely complete our customers' projects on time and on budget.

IRONWOLF SLASHER

PRIME-TECH

APPLICATIONS

- Lease construction
- Pipeline clearing
- Fireguard
- Seismic line cutting
- Roadside daylighting
- Powerline clearing
- Commercial land clearing

FEATURES OF BIG EAGLE MULCHERS:

- 15,000 lb. winch
- Exceeds SAE ROPS/FOPS specifications

GPS TECHNOLOGY

All Big Eagle mulchers are equipped with radio and GPS technology to ensure accurate, reliable communication and precise mulching.

IRONWOLF SLASHER

One pass up. One pass back. You are done. Standing trees, brush and stumps easily succumb to the Slasher's 10' wide mouth. The Slasher mulches as it works and incorporates the debris back into the soil to create a stable base. The Slasher can also mulch 12" down into frozen topsoil, asphalt, limestone or gravel.

IRONWOLF SLASHER 1040

GYRO TRAC GT-25

The Gyro Trac's low ground pressure technology make it more capable and efficient in rugged and unstable environments. The Gyro Trac can venture into some areas where humans on foot and other machines cannot go.

PRIME-TECH

The Prime-Tech 400 can withstand the rough North American terrain with ease and precision. This mulcher is designed to ensure the lowest possible ground pressure at 0.21 Kg/cm². There is easy access to various fundamental components, which simplifies operations and reduces any possible downtime.

LAMTRAC 8275

The Lamtrac's unique design allows it to maneuver through difficult conditions such as muskeg and snow, with ease.

RAYCO C87FM

The narrow design of the Rayco C87FM Mulcher makes it the perfect choice for seismic line and roadside clearing.
